## Frequently Asked Questions

### Where will the engraved bricks be placed?

A brick patio at the entrance to the All People's Trail will include engraved bricks. As this fills up, the walkway leading from the parking lot to the Things with Wings garden (the one with metal sculptures) will be repaved using engraved bricks. The bricks can't go directly into the trail because it's meant to be a smooth, easily navigated path.

### When will the engraved bricks be installed?

The bricks will be installed once per year, generally in midsummer or fall. The *Blaze a Trail* program is ongoing.

### Can I have my family's bricks installed next to one another?

Yes, we can ensure bricks will be installed together if the orders are placed at the same time.

## General Information

The *Blaze a Trail* Engraved Brick Program is a fundraising effort operated by the Friends of Mosquito Hill. When you purchase an engraved brick, you are helping develop the first leg of the *All People's Trail* at Mosquito Hill Nature Center. The *All People's Trail* will be compliant with the Americans with Disabilities Act (ADA), helping put *all* people in touch with nature, no matter their physical abilities. Wheelchairs, walkers, and strollers can navigate easily over the upgraded quarter-mile section of path that leads from the Mosquito Hill interpretive building to the pond platform at Oxbow Pond.

Now you have an exciting opportunity to make a lasting impression at Mosquito Hill Nature Center. The purchase of an engraved brick can commemorate a meaningful relationship, a shared passion for nature, celebrate your family, or serve as a unique and loving gift.

Established in 2008, the program is ongoing. Bricks are installed on the grounds once per year. Please be sure to read the *Frequently Asked Questions* section of this brochure for more information.

For specific questions about your engraved brick order, please call the Engraved Brick Chairperson at (920) 779-6433.

## Choose a Brick

Please use a separate order form for each brick ordered and staple your orders together with your payment.
